A PAPER DEVOTED TO THE BEST INTERESTS OF MENLO PARK AND SAN MATEO COUNTY

VOLUME 17 — MENLO PARK, SAN MATEO COUNTY, CALIFORNIA, FRIDAY, SEPTEMBER 20, 1940 — No. 47

Old Menlo Lives Again

There has been an unusual amount of fierce growling and savage looks going around the high ways and byways of Menlo Park for the past week or so, and finally it has been made aparent to strang ers that it is only the Menlo Park Lions Club preparing for one of its famous affairs.

The Lions Club has, for weeks, been preparing for a stupendous Cavalcade of the past entitled "A Night in Odl Menlo" to be staged tomorrow (Saturday) night at the Kuck Picnic grounds on Oak Grove avenue near the Southern Pacific railroad tracks.

This affair is being given for the benefit og the "Youth Activities Fund" and the admission is 50 cents per person. This is a worth activity and the public is asked to be on hand to witness the activities as carried on in "Old Menlo".

The affair will begin at 8 o'clock in the evening and Al Giannotti, on being questioned as to tables at the picnic grounds stated that as far as he could see there would be tables for all. "A regular barrage of tables", says Al.

While a large poster announcing the affair has been gotten out and is on display, it is still a "deep and dark secret" as to who the players are in the various acts, and also as to just what the acts consist of.

The talent as far as can be ascertained is local and rehearsals have been held for some time past so that the various actors and actresses are proficient in their parts.

The Lions Club is asking that one and all of Menlo Park's present day population turn out to see how things were done in "A Night in Old Menlo." They do not say how old Menlo was, bus suffice it to say it will be old enough. See your townfolks in action in the gay '90's or before.

The will of the late Leon F. Douglas was filed for probate in the superir coourt in Redwood City this week. The bulk of the estate was left to his four children, and is probably worth in excess of ten million dollars.

Mrs. J. M. Howell and Mrs. Herbert Law are spending a two week vacation at Santa Cruz.

E. M. Rankin is in Seattle on a business trip. He will also visit in Portland, his old home, and the place where he was born.

Jane Miller of Menlo Park, a student on the Berkeley campus of the University of California, has been pledged to the Alpha Gamma Delta Sorority.

Presbyterian Church Items Of Interest

By Rev. E. J. Clark

The "Pleasure Island" festiva conducted last Friday night by the Mariners Club of the local Presbyterian Church, was an entire success, for which hearty thanks is due to all who entered so thoroughly into its preparation and prosecution and also to all who so enthusiastically patronized it. Now, the next even in which the public will be interested is to be one of those regular Pot-Roast Dinners for which the ladies o our Auxiliary are famous. This will takee place in the Social Hall of the church on the evening of September 24th. Tickets are now on sale by the ladies at 50 cents for adults and 25 cents for children 12 years of age and under. Remember the date when you will get more than you rmoney's worth at dinner time.

Santa Clara County Christian Endeavor Rallies are being planned now in preparation for the approaching Conention next month. There will be a Rally meeting this evening at 7:30, in the Christian Church at Los Gatos and one September 27th, in the East Palo Alto Community Church. Young people rom the local Presbyterian church are planning to have delegations in attendance eat each of these Rallies.

Rally Day in the local Sunday School is a usual Fall event and plans and date for this occasion were made at the Workers Conference held on Tuesday night. Details will be announced next week.

WENDELL WILLKIE WILL SPEAK AT CIVIC AUDITORIUM SAN FRANCISCO SAT. NITE

When Wendell Willkie makes his personal appearance in San Francisco tomorrow the Willkie Volunteers in Northern alifornia are going to see to it that as many people as possible get a look at the G. O. P. nominee.

The Republican nominee will make a number o appearances in the San Francisco Bay area, culminating in a gigantic rally in the evening at the Civic Auditorium in San Francisco. His address will be broadcast over a nation-wide radio hookup.

ATHERTON CAN SHIFT SANITARY DITRICTS

The board of supervisor of this county, acting on the petition of Atherton residents to withdraw from the Fair Oaks Sewer District in Redwood City, has ordered that the proceedings be initiated which will separate this section from the present limits. As a result, the seceded district may go ahead with plans to be annexed to the Menlo Park Sanitary District.

ATHERTON YOUTH INJURED WHEN CAR OVERTURNS

A wheel came off a midget car driven by Melvin Savage on Selby Lane and Serran Drive in Atherton Wednesday afternoon, turning the car over and sending the boy to the Palo Alto hospitol with a fractured clevicle and a possible rracture of the skull.

His condition is not dangerous according to a report from the hos pital.

Flag Sales Are Boosted As Patriotism Increases

KANSAS CITY, MO.—Take it from J. A. Tabery, there has been a considerable increase in America's patriotic fervor.

He has sold American flags for many years and always his supply from eastern manufacturers has been sufficient to meet the demand until recently. Now the demand has grown so that Tabery has started making his own flags.

Edward O'Keefe and James Houston of san Mateo are at the Willow Creek Gun Club, arranging their blinds for the coming duck season.

Police Officers Dance For Widows-Orphans

The "Twelfth Annual Ball" given by the Peninsula Police Officers' Association for the benefit of the Widows and Orphans und will be held at the Bay Meadows Club House on Saturday evening, September 28th. Johnny Dell's Orchestra will furnish the music, which in itself is a guarantee that the evening will be worth while from more than one angle.

These dances, given by the Police officers for the raising of a fund to assist in caring for the widows and orphans of the men who have passed on, have grown to be the most popular social affairs held on the peninsula, and with the program that is planned this one will be far out infront of those that have passed into history.

The dance floor at the Bay Meadows Club house is one of the best to be found in the west and this coupled with the fact that it is Johnny Dell's orchestra is enough to pack the house, even if it were not for the charitable purpose of the occasion.

One of the notable features of the affair is that a provision for ol dtime dancing has been made so that all may participate.

The price per couple is only $1.00, extra lady 50 cents and the government tax is exemjt. Tickets may be secured from the Menlo Park Police Department, and the public is urged to buy even though some will no, or do not, dance. It is a good investment. Try it.

CALIFORNIA

When California was admitted into the Union 90 years ago, Sept. 9, 1850, more than just another star was added to the constellation in the Flag.

As if to be sure of plenty of stars for the spangled banner, more stars have been admitted to the California skies than anywhere else in all the world. Climb Mt. Wilson and Mt. Palomar and see for yourself. And then there's Hollywood for a yappa.

The longest coast line of any State was also admitted—for ships to sail the seven seas, for yacht haens for pleasure, for city sweteers and for fresh fish. Uncle Sam also admitted the largest acreage (101,310,080) of any other commonwealth save one and offered the greatest possibilities for agriculture to feed the nation as well as other countries . . . fruits, egetables and the biggest salad bowl anywhere. Any wonder Sam has grown in girth! And what trees he sits under in his backyard!

The highest peak in 48 states pokes its head above the clouds here . . . . . and the lowest-down place, also, we have to admit, as well as a lot of ground in the raw in the Mojave and Colorado deserts for man to practice his creativ ability on and sharpen his wits and appetite.

Uncle Sam admitted vast potential water power in the streams gushing down from the summits where the warm California sun coaxed up the clouds for future reference to tread the pedals of machinery to heat and light the valleys.

And California dug gold out of her pockets to pay her admission fee on the barrelhead.

SANITARY ELECTION RETURNS INCUMBENTS

At a spirited election held last Monday three incumbent members of the Menlo Park Sanitary Board were returned to their places on the board. The vote was a heavy one and the competition quite spirited.

The vote was as follows:

W. T. Casey	422
Edward E. Eyre	403
Martin Crimmins	372
Jack Ainsworth	169
Candido Bugna	138
Edward Feeley	233

M. P. Woman's Club Begins New Year

The Menlo Park Womans' Club opened their new club year with a dessert tea at the home of Mrs. Marion Silva on Almendral avenue Tesday afternoon. Mrs. L. E. Harris was assistant hostess.

Twenty-four members enjoyed the occasion. Mrs. Paul Alexander supplied the favors, made in her own clever way, and which were much enjoyed by all.

Vacation experiences was the topic at the tea. This feature was most enjoyable, as all of the ladies present told of their experiences during the summer months.

Mrs. J. L. Ewers, Mrs. John T. Aabell, Mrs. J. A. Buchman and Mrs. E. J. Clark were presented with birthday gifts from the club, in accordance with its usual custom.

During the business session Mrs. Dr. Forsythe was taken into the club as a new member.

Mrs. J. L. Ewers and Mrs. J. E. ooper sang a duet that was enjoyed by those present.

The beauttful home and garden of Mrs. Silvia wa senjoyed and appreciated by all present and this beautiul setting did much to make the afternoon the enjoyable success thatt is was.

The officers of the club for the coming year are as follows:

President ..... Mrs. E. C. Gardner
First Vice-President .....Mrs. J. W. Ryan
Second Vice-President .....Mrs. J. B. Glunz

Tennis Tournament Still Attractive

The intermittent showers of last Sunday failed to stop the prograss of Menlo Park's first Tennis Tournament. The players took refuge in their automobiles or the park field house and waited until the court was dry enough to play on again before taking up where they left off.

Last Sunday's play saw the end of the preliminary and secondary matches leaving only the semi-finals and the finals in both the Ladies and Men's division yet to be played.

The results o these matches revealed more talant than heretofore has been shown. Deloyce Olson in an early match deeated LaVerne Tibbs 6-1, 7-5 then came back later in the day to eliminate Marian Palmer 6-2, 6-4. Theresa Lamke duplicated this feat by upsetting RobertaR amsay 6-1, 6-2 in a preliminary match and removing Jean Sheperd from further competition by scores of 6-2, 6-0.

In the Men's division Louis Bellomi defaulted to Bob Quifelt as did Sid Lewon to Paul Bearce, thus bringing together Bob Cooper and Bob Quifelt with Cooper winning 6-0, 6-2 and Willy Takaki and Paul Bearce with Takaki on the long end of the score 6-2, 6-2. In the final match of the day Vincent Cleveland won over Freeman Beach 6-0, 6-0.

The recreation director of the city sponsored Recreation Program Work Projects Administration reports that three semi-final matches will be played this coming Sunday morning with Willy Takaki meeting Vincent Cleveland at 8 o'clock, Miriam Beach versus Theresa Lemke at 9:30 and Cliff Mott taking on Bob Cooper at 10:30. Deloyce Olson will draw a by in the ladies division and move into the final match to be played Sunday, September 29 along wiith the final men's match.

Palo Alto Auxiliary No. 119, United Spanish War Veterans, will hold a card party on Monday evening, September 23 at 8 o'clock in the Veterans' Building, Palo Alto. Score cards are 25 cents and the public is invited to attend.

PLAY SAFE

How quickly can you stop your car if you are travelling 50 miles an hour? You will be surprised to note how much distance it takes. Here are some figures from the National Safety Council. ....

....If you are an ordinary, fairly eleft driver it will take you three-fourths of a second to get your foot on the brake pedal. By that time you will have gone 55 feet. Then if your brakes are in tip-top shape, it will take you another 131 eet to stop your car. That iis 186 feet from the time you first saw danger. And remember — if your brakes are not perfect you must add at least 50 feet. MAKE SURE YOU CAN STOP IN TIME!

Patriotism Is Sweeping U. S.

Broad Upsurge of National Consciousness Spreads Over Nation.

WASHINGTON.—A great wave of patriotism is sweeping the United States. The popularity of "God Bless America" and patriotic jewelry, the outbursts of "anti-fifth column" activity and a thousand other scattered phenomena are part, a survey by the Associated Press indicated, of a general upsurge of national consciousness.

"The Star-Spangled Banner" and "God Bless America" are newly resounding at nearly every public assemblage from coast to coast.

Badges, window stickers and auto emblems everywhere are emblazoning mottoes like "I Love America," "Vote and Thank God That You Can," "We Are Glad We Are American," and "Our Flag Right or Wrong."

The patriotic wave is running in four conspicuous channels—simple expressions of national loyalty, widespread moves for national defense, newborn vigilance against foreign subversive activities, and a heightened consciousness of the institution of citizenship.

Capacity Demand.

Flag makers in New Jersey, Philadelphia, Chicago, the Southwest and on the Pacific coast report almost unanimously unprecedented, capacity demand. Homes, business buildings and institutions throughout the land which heretofore displayed the flag only on holidays now are flying it every day.

A Pottsville, Pa., coal miner has its workers salute the flag each day before they go down the shafts.

A Pittsburgh judge wrote a special tribute to the flag and reads it before each court session.

In another Pittsburgh court room, "The Star-Spangled Banner" is played on a phonograph daily.

At the Waynesburg, Pa., county fair the pledge to the flag was recited each day by every person on the grounds.

In Los Angeles courts, the salute to the flag has replaced the traditional legal prolog of "Oyez, oyez."

Meaningful Incidents.

The intensity of feeling is evidenced by meaningful incidents all over the country.

In Galveston, Texas, a man who yelled "Hurray for Hitler!" was fined $200 for starting a disturbance.

A Maryland prison guard was discharged for unpatriotic talk.

A Philadelphia laborer who hit a colleague with a shovel for criticizing the United States was upheld by the court.

The new national sentiment appears to be basically a spontaneous, objective expression of "pro-Americanism" rather than inspired international partisanship or organized sentiment on foreign policy.

So far, beyond general tightening of alien regulations, there have been few indications of the "anti-hyphen" sentiment of World war days.

New Jersey passed an anti-foreign uniform law aimed at the German-American bund.

But groups of foreign extraction all over the country affirmed their loyalty to the United States as soon as any question arose. Some citizens of German inheritance in Annapolis, Md., put advertisements in the newspapers avowing their patriotism.

Local defense measures, although conspicuously unco-ordinated, have been enthusiastic and widespread.

Cannon Salvaged From Warship After 245 Years

HOMESTEAD, FLA. — Deep sea divers have salvaged 45 cannon and other valuable relics from H. M. S. Winchester, a British man of war, that went down off the Florida coast 245 years ago.

The Winchester sailed from Jamaica in 1695 for England and never was heard of until December, 1938, when Charles Brookfield, of Elliott's Key, and Hugh Matheson, of Miami, located the sunken warship off Key Largo, near here.

Rust, coral and shells chipped from the first cannon salvaged from the vessel revealed the marks of the manufacturer which led to the identification of the warship as the Winchester.

Among other interesting articles salvaged in the last year were a silver bowl in almost perfect condition, bits of hemp rope that were still strong after 245 years of soaking in salt water and a number of hand grenades of primitive design.

Private Airline to Train 850 U. S. Cadets to Fly

WASHINGTON.—The war department announced an arrangement with Pan American Airways system whereby that company would train 850 cadets in long-range aerial navigation during the next 14 months.

The first class of about 50 cadets began training today in Miami, Fla., and will be graduated November 2, after an intensive 12-week course.

The department said that Pan American Airways, which maintains a vast network of foreign lines, will furnish the instructors and all training facilities on a non-profit contract basis.

Lights of New York

By L. L. STEVENSON

This & That: Rockefeller Center, which now has 31 eating places, will have at least a half dozen more before the year is out . . . Ilka Chase, in addition to her stage, screen and radio duties, is writing a book . . . But it will be only a little book, she declares . . . Sheila Barrett tells of an international bridge game: Mrs. Mussolini led with her Duce, Elizabeth followed with her king, Mrs. Lindbergh played her ace and Mrs. Roosevelt called for a new deal . . . Gene Tunney's favorite drink is goat's milk . . . When he played host to the Lawrence Tibbetts at an inn which keeps a herd of 60 Nubian goats, he ordered two quarts of the milk . . . Sign on an East Side smorgasbord: "A more variegated assortment than you'll find in either party's platform" . . . One of the town's oyster bars serves an average of 17,000 oysters daily during the R season.

Mrs. Kitty Rich, a 47-year-old widow, is the only woman block operator employed by the Pennsylvania railroad . . . Nightly she handles 176 trains which go into the Pennsylvania terminal . . . Speaking of railroad folks, had a pleasant visit with G. C. Callaway, a Norfolk & Western dispatcher, from down in Bluefields, W. Va., who dropped into the office with Mrs. Callaway and their daughter, Mrs. H. C. Back, whose home is in New York . . . Bert Buhrman, Hotel Piccadilly maestro, says America will spend $100,000,000 for musical instruments this year . . . He gives as his authority William A. Mennie, secretary of the Music Industries convention . . . Sixty million will go for pianos, $15,000,000 for band instruments, $15,000,000 for stringed instruments and accordions, and the rest for accessories.

A flock of school children skipping down Forty-second street gave passersby the jitters because of the song they were singing . . . It was "London Bridge Is Falling Down" . . . A Manhattan resident can send a letter to Pelham, which is up in Westchester county, for two cents . . . But it costs him three cents to send a letter to Brooklyn, which is just across the East river . . . Maybe the Brooklyn mail carrier has more trouble finding the addresses . . . Brooklyn is still a mystery to me . . . Had to make a visit there a few days ago . . . and again I got lost . . . and I've been over there for one reason or another so many times I've lost count . . . A mid-town sidewalk cafe features chair leash clamps so dogs of patrons won't go chasing sparrows.

His thirtieth year of impersonating George M. Cohan was celebrated recently by Dave Mallon . . . He began in "Follies of the Day" in 1910 and is now at the Diamond Horseshoe doing the same thing . . . Vincent Lopez has notified Secretary of War Stimson that any members of his orchestra who enlist or are conscripted will find their jobs waiting for them when their service ends . . . Reappearance of "clip joints" here and there is said to have been the reason why Police Commissioner Valentine ordered the fingerprinting of all nightclub owners, employees and entertainers . . . The "clip joint" was a New York institution during prohibition.

Encountered Shirley Sadler, just back from a vacation in one of those lazy little New England villages, on Fifth avenue and she told me of asking a native if the town had a curfew law.

"We did," was the reply, according to Miss Sadler, "but we had to stop it. The bell rang at nine o'clock at night and every one complained it woke them up."

Bedbug Found Cause Of Sleeping Sickness

WASHINGTON.—Discovery of a bedbug which insures sound sleep—but the wrong kind—was reported by the public health service.

The bug, which is the "grandfather" of all bedbugs because it is several times larger than the ordinary insects, carries the germ of sleeping sickness from man to man and from animals to men, said Dr. Arzroony Packchanian, of the National Institute of Health.

Its OUR Fiesta time . . . let's enjoy it!

PARADE

The biggest parade in the history of the county will be a feature of Friday Afternoon, September 20th. Starting from Broadway, it will proceed through Burlingame and San Mateo to the fiesta grounds. Mounted units, marching units, bands, decorated floats, floral floats . . . it will be a colorful feature you will want to see!

Floral Displays

More beautiful than ever this year! The entire ground floor of the grandstand will be banked with floral exhibits. Along the paddock are garden displays by Garden Clubs and Women's Clubs, and Amateur Horticultural displays. In the clubhouse are feature displays by professional florists, and the ladies' flower arrangement classes.
